

B.E.A.C.H. Binders

Your child will bring this binder to and from home/school each day. Be sure they bring it to school every day! It will have everything they need in it.

On the left pocket of binder, (in the front) you'll see a "Notes Home" section. Please be sure to clean this out every night and go through what's on those papers. Be careful when looking through them, sometimes they will need to be returned (signed).

The agenda book is included in the beach binder next. Each day your child will fill in their agenda. Please look it over and sign it each night. There may be notes in there from me and I want to be sure you are seeing them.

Students are required to read 20 minutes each night as part of their homework. To ensure students are doing this, please write what they read and how many total minutes they read next to your signature on their agenda books.

Then there is a divider page. The front side is labeled Vocabulary words. Be sure your child is studying these vocabulary words nightly.

On the back side of the divider page is the homework section, it will have your child's homework in it. This will start after Christmas break. Please be sure it's completed and you check it before they return it to school. Part of completing the homework is showing work on each math problem or reading passage

Behind the divider, you will find a clear plastic page that has our spelling words for the entire six weeks. Please be sure to spend time with your child practicing these words. We will change the list each six weeks. On the flip side of the clear page will be a "Math reference sheet". Please leave this in your B.E.A.C.H. binder, so you can use it at home and at school.

There is a second clear plastic page – one side is our monthly lunch menu and one side is our class schedule, student list, and class rules for your reference.
